## PROFESSIONAL EXPERIENCE

### Bell Textron Inc.

Arlington, TX

Media-IT Support Admin / Developer – Full Time

July 2024 – Present

- Designed and implemented Flask Python APIs to integrate data ingestion for Bell Aircraft systems (Collins, Garmin, and etc...)
- Worked with multiple front-end frameworks building UI in React.JS, Svelte, Maui, and or Angular.
- Created and designed Unity applications to help streamline processes, such as XML courseware editing, and building Crew alerting system (CAS) in Unity game engine.
- 3D modelled and printed custom parts to support training in both mechanical and in-flight applications.
- Maintained over 300+ machines for classroom usage, including building a synchronization tool in C# to keep all instructor machines with up-to-date courseware.
- Developed and maintained positive relationships and contracts with internal and external customers and industry leaders.

### Bell Textron Inc.

Arlington, TX

Training Support Admin / Developer – Full Time

July 2023 – July 2024

- Created and maintained pilot scheduling applications both on web and native mobile platforms.
- Wrote Excel VBA (Visual Basic for Applications) to forecast revenue, generate reports, and streamline administrative duties.
- Established a system to monitor, control, and maintain tools within the company, lowering tool loss by 4%
- Monitored and updated Kubernetes deployments for excessive complexity, and workflow operation, and uptime.

### Bell Textron Inc.

Arlington, TX

IT Software Intern / Software Developer Co-Op – Full Time

Sep 2022 – July 2023

- Created and designed a comprehensive master plan to efficiently develop software solutions over two years, effectively streamlining digital access

## EDUCATION
